

MEET THE MSRGN ARIZONA GENETIC NAVIGATOR

Noan Dublinski

A little about me:

- I have navigated genetics with my own child.
- I have worked with children who are deaf/hard of hearing for over 25 years as a teacher, audiologist, and currently as an early intervention provider
- I love to work with families and learn about genetics.

How I Can Help a Family Navigate Genetics...

- Discuss next steps with a family who has concerns, for example, ways they can talk with their doctor.
- Provide resources to a family who has encountered a barrier to accessing genetic services.
- Connect families who have received a genetic diagnosis to support organizations.
- Meet with families who want to get more involved as an advocate in the genetic system.
