MEET THE MSRGN NEW MEXICO GENETIC NAVIGATOR

Jennifer Bartz

A little about me:

- I have a bachelors degree in Psychology.
- My personal connection to genetics comes from having a child, James, with Down syndrome and some other rare disorders. James died in December 2018.
- I am the Founder and President of Hero's Path Palliative Care.

How I Can Help a Family Navigate Genetics...

- Discuss next steps with a family who has concerns, for example, ways they can talk with their doctor.
- Provide resources to a family who has encountered a barrier to accessing genetic services.
- Connect families who have received a genetic diagnosis to support organizations.
- Meet with families who want to get more involved as an advocate in the genetic system.
