October 2020

MSRGN Project Directors' Message

Time 4 Genetics

We are excited to announce "Time 4 Genetics", MSRGN's 40-clinic initiative to educate, equip, and empower pediatric and primary care providers to improve their clinic's ability to serve those impacted by pediatric genetic conditions. Over our next 4-year grant cycle, MSRGN will strive to partner with 40 clinics across our 8 state region who wish to become 'genetic champions' in their local communities.

MSRGN October Highlights:

- MSRGN held our first Advisory Committee meeting of the new grant cycle. Click [here](#) to meet our Advisory Committee.

Wyoming Genetics Services RFP

Wyoming has released a request for proposals for their outreach genetics clinics for the 2021 calendar year. The RFP can be found at publicpurchase.com by creating an account and searching for "0075-F". All questions regarding the content of the RFP can be asked via the public purchase website through October 15, 2020 and it will **close for bids on October 30, 2020**.

- Our Genetic Ambassador's quarterly meeting is October 30th at noon MT. Contact Kristi for more details if you have not received the zoom invite.

Register Today for the Virtual Education Series *November 10, 2020* Ehlers-Danlos Syndromes

The Colorado State Team in conjunction with Children's Hospital of Colorado is hosting Genetic Tuesday

Tuesday, November 10, 2020
from noon-1pm MT

The topic will be:
Ehlers-Danlos Syndromes-
more than
just skin and joints

Presented by Dr. Ellen Roy Elias

*Please Register by
October 9th*

*Be sure to check out the MSRGN
EDS Algorithm too!*

Save The Date: MSRGN Virtual Winter Meeting: January 28, 2021

Please mark your calendar for **January 28, 2021** for MSRGN's Virtual Winter Meeting. We plan to discuss and share new grant initiatives, network online and facilitate collaboration across our region. Stay tuned for additional details, and be sure to please save **January 28th** on your calendar!

Genetic Algorithms for Primary Care Providers:

- Developmental Delay
- Ehlers-Danlos Syndrome (EDS)

Over the past few years MSRGN, in collaboration with multi-disciplinary teams from across our region, have developed 2 algorithms to help primary care providers with **2 of the most common referral categories in our region** (developmental delay and hypermobile joints).

Please CLICK and SHARE
