MSRGN Project Directors' Message

State Team Co-Lead Round Up

Hats off to
our State
Teams! This

month, we are meeting with our MSRGN State Team co-leads to share information about the 40 Clinic Initiative. It is also a time for our State Team co-leads to share and collaborate with one another regarding their state-based genetics projects.

MSRGN September Highlights:

- September was Newborn Screening Awareness Month! There were a lot of social media posts, sharing of resources, webinars and awareness about Newborn Screening.
 - Check out the hashtag #2020NBS on Facebook and Twitter to explore.
- MSRGN finalized 2 more reports this month for our HRSA funders summarizing all the work that was done over the last 3 years. It was a lot! A "Job Well Done" shoutout to all!

Save The Date: MSRGN Virtual Winter Meeting: January 28

Please mark your calendar for **January 28, 2021** for MSRGN's **Virtual Winter Meeting**. We plan to discuss and share new grant initiatives, network online and facilitate collaboration across our region. Stay tuned for additional details, and be sure to please save January 28th on your calendar!

National Hispanic Heritage Month is
September 15 - October 15.

Newborn Screening Video in Spanish

Our sister region, Heartland Regional Genetics Network, has released an animated video in Spanish for parents and families to help explain newborn screening.

Spanish Genetic Resources

From the Minority Genetic Professional Network (MGPN) (part of our sister region: Western States Regional Genetics Network)

This document contains links to websites, videos, and documents for Spanish medical genetics resources for patients. These media sources have been vetted by members of the MGPN Hispanic/Latinx subgroup. These members include genetic counselors, genetic counseling students, and prospective students.
