

MEET THE MSRGN TEXAS GENETIC NAVIGATOR

Lourdes Torres

A little about me:

- I am the proud mother of 3 beautiful girls and have been married for over 20 years.
- My third daughter was born with an ultra-rare genetic condition (HNRNPH2 mutation).
- I am currently the parent educator for the Children's Disabilities Information Coalition-Community Parent Resource Center.

How I Can Help a Family Navigate Genetics...

- Discuss next steps with a family who has concerns, for example, ways they can talk with their doctor.
- Provide resources to a family who has encountered a barrier to accessing genetic services.
- Connect families who have received a genetic diagnosis to support organizations.
- Meet with families who want to get more involved as an advocate in the genetic system.
