

All about the Arizona State Team

2020-2022

Year 4: 2020-2021

The Arizona team created, designed and printed 1100 Telegenetics Brochures for distribution with partners: Raising Special Kids and Phoenix Children's Hospital.

1,100

Year 5: 2021-2022

In year 5, the Arizona team hit the ground running with their project to translate their "Telegenetics Brochure" into Spanish. Then they also formed 2 project subgroups.

Telegenetics Brochure in Spanish

Through a partnership with Phoenix Children's Hospital translation department and utilizing MSRGN's Spanish medical translation contract, the Arizona team was able to finish their Telegenetics brochure in Spanish and add it to their new/updates state team webpage.

State Team Webpage

The Arizona team updated their website in 2022 to feature their Telegenetics Brochure that they created in 2021.

**Clinical
Trials
sub-group**

**Late Onset
Conditions
sub-group**

Momentum...stay tuned

The Arizona team has been convening 2 sub-workgroups. These workgroups meet outside of the monthly state team call. Both workgroups are designing resources around their topic areas which will hopefully be ready to share far and wide in Year 6.

2020-2024 Co-Leads

Jamie Stefanski (2020-2021)
Erica Wright (2020-present)
Brittany Parke (2021-present)

All about the Colorado State Team

2020-2022

Year 4: 2020-2021

2000 Where is Bear? books purchased:
1000 English and 1000 Spanish

Where is Bear? is a book from the CDC's Learn the Signs Act Early program, about developmental milestones for 2 year olds.

2,500

Genetic Counseling Student Intern... 2022

The Colorado team paid a genetic counseling student intern to work on compiling a list of addresses and contacting 50 pediatric offices in CO and placing **21 large flat rate FedEx boxes** of books and red flags in the mail to those 21 pediatric offices.

Year 5: 2021-2022

2,500 Red Flags 4 Genetics (E&S) handouts were purchased for distribution with the Where is Bear? Books.

The boxes of resources were mailed all across CO..

The GC student intern and the team used the map of the Community Center Board Regions to make sure the entire state was covered in their distribution plan.

State Team Webpage

The Colorado team updated their website in 2022 to feature the Where is Bear? Book.

Momentum...stay tuned

The Colorado team is converting the resources they have gathered for their Birthday Cake Transition Guide to the MSRGN website.

All about the Montana State Team

2020-2022

MONTANA

Year 4: 2020-2021

The Montana team purchased 2 computers and one tablet for Montech to lend out as part of their MT-wide lending library, for families to utilize for telehealth and telegenetics visits.

Year 5: 2021-2022

Genetics Pop-Ups in Montana in collaboration with Early Intervention Providers across the state in each region. The three 2022 MT Genetics Pop-Ups had 31 attendees.

Montech Year 5 Lending of Telehealth Equipment

With items purchased with Montana state team funds in year 4, MONTECH lent out the iPad and laptop computers to 10 families in 10 zip codes across Montana in year 5.

State Team Webpage

The Montana state team updated their website in 2022 to feature their partnership with Montech and equipment purchase in 2021.

Momentum...stay tuned

The Montana team used a few state team dollars they had extra in their budget to purchase 96 MSRGN plastic tumblers to be distributed at the MT AAP meeting in the fall.

All about the Nevada State Team

2020-2022

Year 4: 2020-2021

The Nevada team had a virtual booth at the NV AAP Meeting in October of 2020. As part of their attendance at this meeting they received a participant list which would form the basis of their outreach in Year 5.

Nevada Chapter

American Academy of Pediatrics
DEDICATED TO THE HEALTH OF ALL CHILDREN®

MOU with Intern... 2021

The Nevada team paid an intern to expand on the AAP list and add additional pediatric and PCP clinics to the list.

1,000

Year 5: 2021-2022

1,000 **Red Flags 4 Genetics** handouts were purchased by the Nevada team for distribution with the magnets.

MOU with Intern... 2021

The Nevada team paid the same intern they had in 2021 to return in 2022 to expand the list of providers in NV to include more from the Reno area and around the state.

Nevada Genetic Resource Magnet

The Nevada team paid an intern to expand on the AAP list and add additional pediatric and PCP clinics to the list.

State Team Webpage

The Nevada team updated their website in 2022 to feature their Genetic Navigator: Hannah.

Nevada Mailing

The Nevada team with an MOU with their Genetic Navigator, Hannah, created a cover letter with a QR code survey, compiled genetic & partner resources and mailed these to 80 PCP in Nevada via flat rate envelopes.

Momentum...stay tuned

The Nevada team also purchased with some of their extra funds some booth supplies so they can attend in-person community events in the coming year.

Nevada

All about the New Mexico State Team

2020-2022

Year 4: 2020-2021

The New Mexico team in partnership with Hero's Path Palliative Care, planned 2 respite events for families in Farmington and Taos to be held in Year 6 utilizing the year 4 state team funds of \$1200.

Year 5: 2021-2022

The New Mexico team decided to print and distribute the MSRGN Ehlers Danlos algorithm (EDS) and checklist to PCP clinics in New Mexico. Their state team Year 5 funds went to the printing of the materials.

Diverse Representations and Partnerships

The New Mexico team is proud to highlight their state team members from various backgrounds, both personally and professionally. They are thankful for the partnerships which have allowed them to have a state team project focused on families in underserved communities such as Taos and on the Navajo Reservation and look forward to continuing and growing these partnerships in the future years.

State Team Webpage

The New Mexico team updated their website in 2022 to feature the EDS Algorithm that they are distributing state wide to PCP clinics as their team project.

Momentum...stay tuned

The New Mexico team in conjunction with Hero's Path, will be holding a rescheduled respite event for families in Taos in year 6. Due to family emergencies, the original date had to be cancelled for the event and rescheduled.

Daphne Fulton (2021-present)

All about the Texas State Team

2020-2022

Year 4: 2020-2021

The Texas team purchased \$200 in postcard stamp postage to mail the postcards they planned to design in year 5.

Year 5: 2021-2022

In year 5, a subgroup formed out of the Texas state team of individuals who were interested in exploring the manner in which a genetic diagnosis is delivered to a family. The group has become known as the HOPE group for families and this group went on to advocate for a speaker on this topic (Laila Andoni) at the 2021 Genetics Summit. Their work now continues with Laila and a few new members from Utah who have joined the conversation.

MOU with Intern... 2021

The Texas team paid a public health student intern to work on compiling an Excel spreadsheet of addresses for primary care offices in Texas.

Facebook Advertising

The Texas team had plans for a large Facebook advertising campaign in Year 5, which they are still working on and will perhaps pick back up in year 6.

State Team Webpage

The Texas team updated their website in 2022 and hope to feature their postcard design (once it is finished in Year 6).

www.MountainStatesGenetics.org/Texas

Momentum...stay tuned

The Texas Team has a postcard design in process for a mailing to primary care professionals in Year 6.

All about the Utah State Team

2020-2022

Year 4: 2020-2021

The Utah team led the way in the MSRGN region in customizing the Where is Bear? book with a QR code and printing 2000 English and 2000 Spanish books.

Year 5: 2021-2022

The Utah team devised and implemented a creative, sustainable delivery model for the Where is Bear? books they had printed in Year 4. They are utilizing the NBS department and the shipping in place for second screen NBS cards to distribute all items created by the team,

Table Tents (E&S) and Magnets for Pediatric Clinics

The Utah team created magnets and table tents in English and Spanish for distribution through the UT NBS department to pediatric clinics across the state.

State Team Webpage

The Utah team updated their website in 2022 to feature the Where is Bear? book.

Momentum...stay tuned

The Utah team is looking forward to Year 6 to expand it's membership and explore new ideas on reaching underserved families in Utah.

All about the Wyoming State Team

2020-2022

Year 4: 2020-2021

The Wyoming team purchased and mailed 500 DNA Squishes to Pediatricians across the state of Wyoming.

The squishes contained contact information for the Wyoming genetics program as well as the MSRGN website for resources.

Year 5: 2021-2022

1500 (English) & 1000 (Spanish) Where is Bear? books were purchased for distribution throughout the state.

Distribution of Where is Bear? books

Carleigh, the Wyoming state team co-lead, compiled a list of nurses, nurse practitioners and pediatric clinics in Wyoming and mailed the books to them.

State Team Webpage

The Wyoming state team updated their webpage on the MSRGN website in 2022 to feature the Where is Bear? book.

Momentum...stay tuned

The Wyoming team is poised to expand their reach across the state as well as their team size as new staff are hired and new programs roll out to reach early intervention providers.
