

MEET THE MSRGN NEW MEXICO GENETIC NAVIGATOR

Desirée Maddux

A little about me:

- I was born and raised in New Mexico and have a bachelors degree in Psychology.
- Our family began their journey into genetics in 2010 when my daughter was born with multiple skeletal and neurological anomalies.
- I look forward to guiding and assisting New Mexico families as they travel their own unique genetic journeys.

How I Can Help a Family Navigate Genetics...

- Discuss next steps with a family who has concerns, for example, ways they can talk with their doctor.
- Provide resources to a family who has encountered a barrier to accessing genetic services.
- Connect families who have received a genetic diagnosis to support organizations.
- Meet with families who want to get more involved as an advocate in the genetic system.
